We are happy to inform that 20 new members have joined ICPB from different segments and cities as mentioned in the Annual Report. A warm welcome to our new members.

Further, to increase ICPB membership base, new categories / segments of membership have been recommended by the Governing Board for adoption in this AGM. The key recommendations are –

- Life Time membership to be open to venues in addition to State Governments.
- New Tour Operators / Travel Agents to be given option to join ICPB as Allied members OR to continue as Active Members – DMCs.
- Permitting membership more than one than segment if member is performing multiple functions.
- Chain hotels to be given options for membership cover for select units OR include entire chain at enhanced membership fee.

The elections to the ICPB Governing Board for the year 2022-24 are being held with XXXV Annual General Meeting of ICPB. The results will be announced today by the Returning Officer, thereafter.

The social and economic disruption caused by the pandemic was devastating for most industries particularly the MICE sector. Thankfully, after almost three years, the industry is gaining momentum. While the industry has started its resurrection, the strong tail winds are now visible in the MICE sector. With the return of in-person events as the preferred format for most meetings, it is expected that we will not only return to pre COVID-19 levels but achieve new heights.

India Convention Promotion Bureau (ICPB)'s Madhya Pradesh State Chapter is actively operational in enrolling new members under state chapter memberships of ICPB.

ICPB participated at the 29th edition of **SATTE** (South Asia's Travel & Tourism Exchange) 2022 held from 18-20 May 2022 at India Expo Mart, Greater Noida.

During SATTE, ICPB also conducted a MICE Session on 'Trends Shaping the Future of MICE Business' on 19th May 2022 to update and prepare the industry with new trends and adaptations required to meet the new challenges.

During the year, ICPB participated in virtual road-shows of the Ministry of Tourism Government of India in the top ten international source markets from 26th April to 31st May 2022 and 2nd round of the 'Incredible India Reconnect 2022' (virtual road-shows) in additional nine international source markets from 26th July - 15th September 2022.

ICPB continued to provide assistance for bids/hosting of International Conferences. During the year, ICPB issued 05 letters of support for international conferences at the request of the members to strengthen their bids for winning international conferences for India.

ICPB logo support was extended for creating enhanced visibility in industry to the Rajasthan Domestic Travel Mart 22-24 July 2022, Jaipur, SATTE and also to the Exhibition Showcase for their 6th Exhibition Excellence Award 2022.

This year, on the occasion of World Tourism Day, the Tourism Ministry, Government of India honoured the winners of National Tourism Awards 2018-19. We are happy to inform that ICPB members namely India Expositions Mart Limited, ITDC, Minar Travel, ITC Grand Chola, Chennai, Plan it! Meetings and Conferences by Creative Travels Pvt. Ltd. were honoured for winning awards in their respective categories. Congratulations to all the winners.

ICPB has proposed to MOT for organising I-MICE in April 2023 as an event aligned with G-20 Summit for positioning India as an attractive MICE destination.

With the cooperation of all members and stakeholders, I sincerely hope that the industry will emerge as a major contributor to the national economy in the coming months. To stay competitive in the new business and economic environment, new strategies and practices will be the key to success.

I extend my sincere thanks to all members of the Bureau for their support, assistance and valuable inputs in driving the aims and objectives of the Bureau and look forward to your active participation in ICPB activities & initiatives.

STATISTICS BY ICCA FOR THE YEAR 2021

IMPORTANT EXTRACTS OF INTERNATIONAL CONGRESS & CONVENTION ASSOCIATION (ICCA) REPORT - 2021

Due to the uneven playing field created by the pandemic, ICCA did not publish its annual country/city ranking last year. Consequently, the decision was made to omit the Public Abstract as well. Like last year, they have categorized the corona-affected meetings as follows:

- Unaffected
- Cancelled
- Postponed
- Relocated
- Hybrid
- Virtual

This year, even though some regions were hit harder than others, all destinations have had time to adapt to the changing circumstances. In the pre-pandemic era, ICCA's country/city ranking would only include meetings that were actually held on-site, i.e. the "Unaffected" meetings.

However, due to the pandemic, the percentage of "Unaffected" meetings is less than 10%. To resolve this issue, ICCA has developed the Destination Performance Index (DPI) in order to acknowledge and reward the effort put forth by destinations with regard to winning the original bid, COVID-19 policies, adaptability and technological capabilities to convert on-site events into virtual/hybrid events—there by maintaining business-continuation.

The DPI consists of the following performance indicators:

- Planned meetings
- Unaffected meetings
- Virtual meetings
- Hybrid meetings
- Digitalization: Virtual/Hybrid
- Business continuation: Unaffected/Virtual/Hybrid

All of the above indicators result in separate rankings which are combined into the DPI. The DPI can be seen as the aggregated ranking of the 6 individual rankings. The DPI is available on Worldwide/Regional level and on Country/City level. The following regions are available

1. Worldwide (WW)
2. North/Latin-America (N/LA)
3. Europe (EU)
4. Africa (AF)
5. Middle East (ME)
6. Asia-Pacific (AP)

Mr. Amaresh Tiwari, VC – ICPB welcomed the members present at the hybrid 34th Annual General Meeting of ICPB. He informed that the past year 2020-21 was one of the most challenging years in the history of mankind.

Global tourism has been one of the most severely hit sectors during the pandemic. India's successful vaccination drive achieving more than one million fully vaccinated population as on date, has resulted in a significant drop in the number of cases across the country and WHO has hinted that India might reach the endemic state by March 2022, which is a very good sign.

He apprised that the Govt. of India has agreed to grant fresh tourist visas for foreigners coming to India through chartered flights from 15th October 2021, around 500,000 tourist visas have already been applied, which is testament of the robust demand by traveller keen to visit India.

He informed that many countries have announced dates for hosting physical/hybrid MICE events this year – TFWA World Exhibition & Conference to be held in October 2021, IMEX America in November 2021, IBTM World from 30th November - 2nd December, 2021, AIME Melbourne from 21 – 23 March 2022 and AIME online from 28 March – 01 April 2022.

He assured that the resilience of the industry with Government support will trigger the momentum for MICE in India to gradually move from virtual to physical events.

ICPB has been undertaking membership drive which resulted receipt of 8 new membership applications from the industry.

He informed that under the ongoing Global Expo in Dubai, January 9, 2022 has been declared as the MICE Day and ICPB has been assigned the task to handle the MICE Day activities at the Dubai Expo. The association has invited volunteers so as to form a committee and discuss how to take things forward.

Vice Chairman - ICPB briefed regarding the new initiatives by Government of India in promoting India as a MICE destination:

- ICPB has been engaged from the start in the process of building the Incredible India Digital Marketplace. The Government of India is creating an incredible India digital marketplace, which is going to be live for 2 years with the tender process in progress.
- The Incredible India Digital Marketplace, every fortnight, will focus on one country, such as the USA, France, Germany, Italy etc. It will identify top 20 countries for MICE vis-a-vis leisure tourism and will focus on buyer-seller interactions. All ICPB members will be able to make judicious use of this platform that will help in growth of their business.
- With the continuous closing down of the India Tourism offices internationally, ICPB has been demanding for long to have market representation in professional PR companies and the Government of India has finally agreed.
- ICPB has requested the Ministry of Tourism to work on collecting authentic MICE database. As of now, the government database is mapping either leisure or the business

traveller. However, the MHA and MEA are now seriously considering ICPB requests and hopefully from next year onwards authentic MICE movement data will be available.
